Re: Josh Montgomery

Dear Sir or Madam:

With the help of your employee, Josh Montgomery, we were able to secure a new roof for our home. From the beginning to end - we were amazed at his professionalism, dedication and knowledge - making sure we were completely satisfied right up until the minute of completion. He treated our home as if it were his home and that's a compliment far beyond words.

We believe that its important that an employer know when their employee goes beyond what is expected of them and this is exactly what Josh did. He was on the job site right along with the crew that put our roof on, always making sure that work was progressing smoothly and without problems. And what a crew we had! We know you probably already know this but the men you sent were truly amazing and very hard working!

We are 100% satisfied and would recommend Toubl Contracting to our friends and family without hesitation.

Congratulations on the high reputation your name carries and for the outstanding people you employ!

Please thank Josh once again for us - he was remarkable!

Best regards,

Jo & Ted Cooper
